

GLOBAL TERMINAL VISION

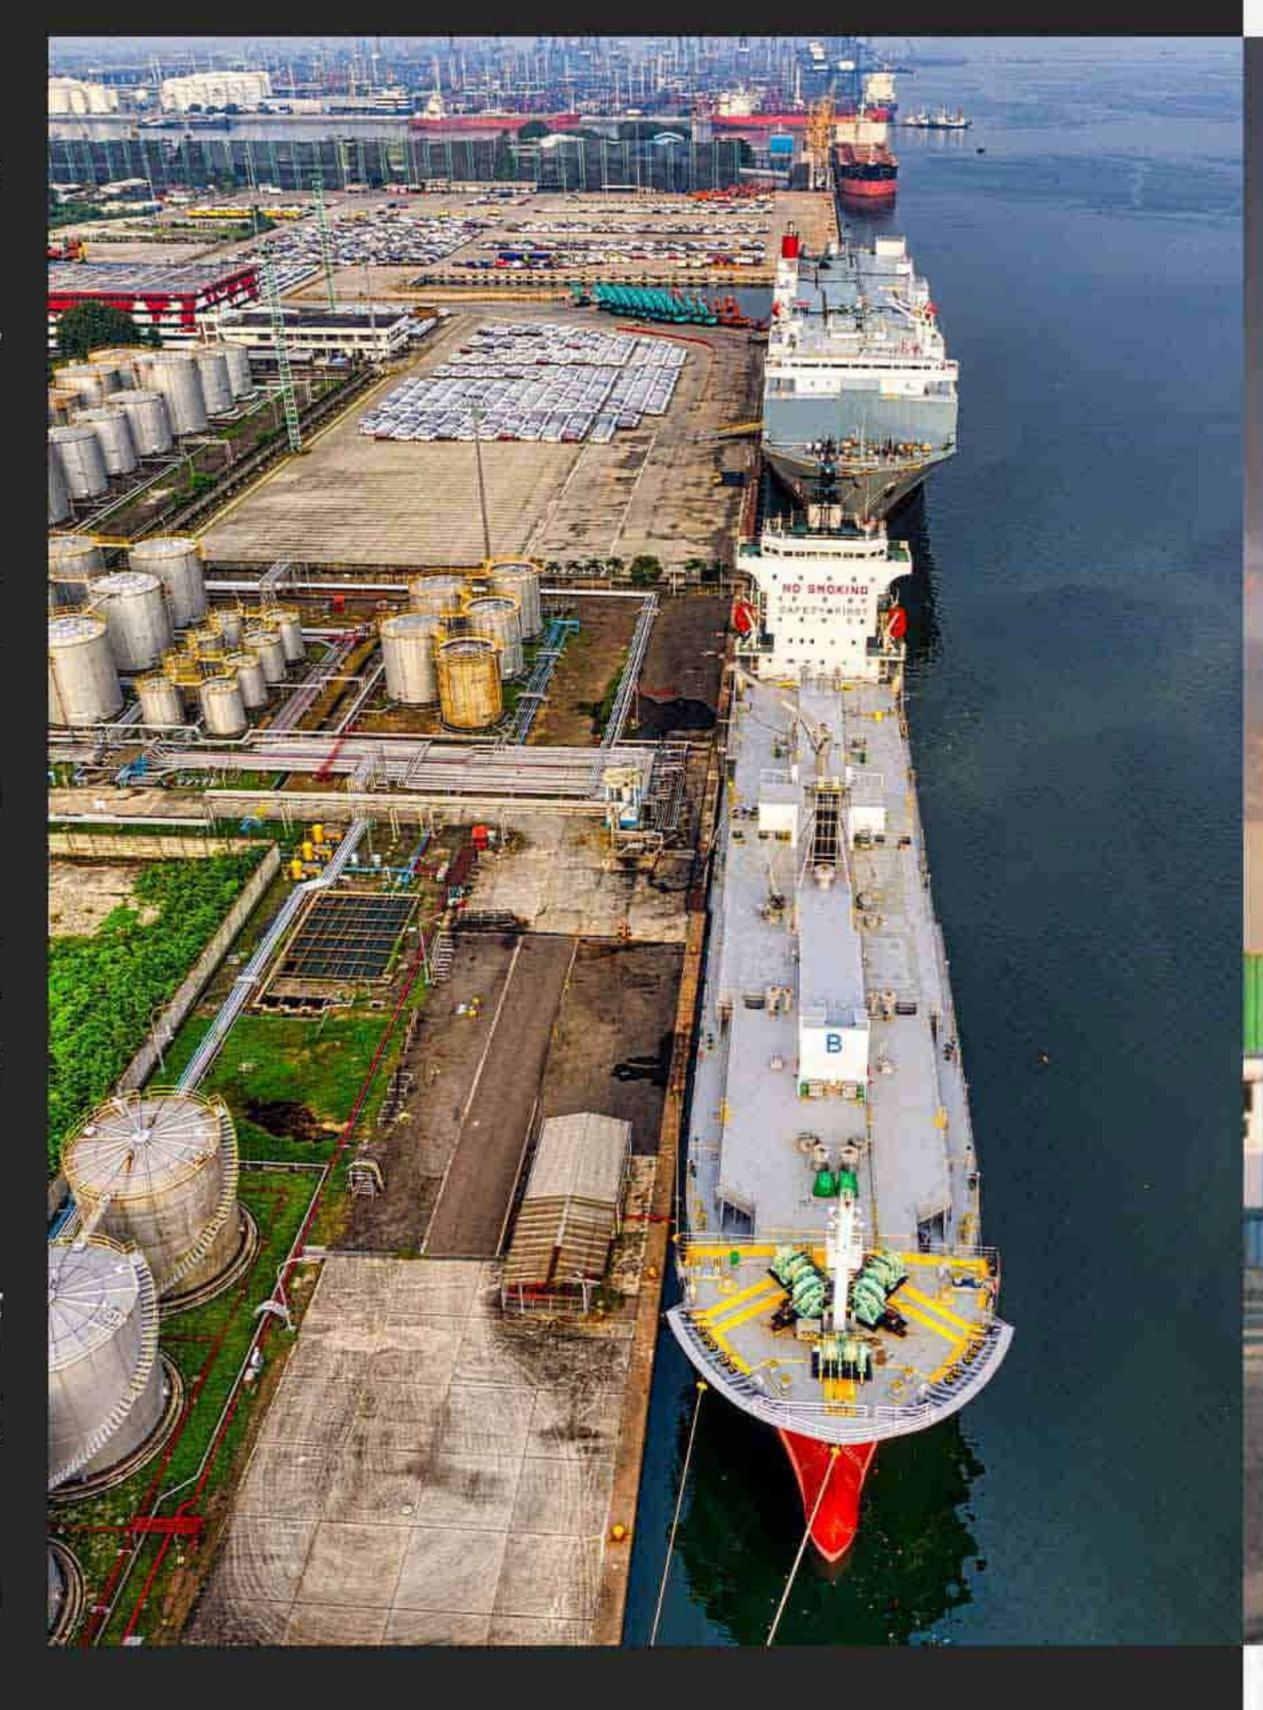

INTRODUCTION:

Vision Global Terminal is a global logistic operator that focuses on providing a first-rate service worldwide.

We carry out all kinds of transportation – by road, rail, sea, air and multimodally. We take up shipments of any complexity, including those of wheeled and specialised vehicles, heavy/oversized cargo, expensive/fragile cargo, dangerous and groupage cargo.

We keep developing and implementing new logistics solutions in order to always be able to provide top-class transportation services to our customers. As logistics experts, we understand that the right, best-fit solutions for ever-evolving supply chains are one of the key enablers to the success of our customers' business.

Our customers' needs and strategic ambition are at the centre of all we do. In an increasingly unpredictable, changeable, complex and paradoxical world, we create value for our customers by consistently delivering exceptional end-to-end supply chain solutions that answer even their most complex needs.

ABOUT US

Vision Global Terminal is a global logistic operator that focuses on creating partnerships to pave the way for sustainable business growth. Customer care and the needs of our clients are at the forefront of our values.

The mission of the company is to be a "true partner" with our customers and to support customers as they grow by providing customized service that allows them to be more competitive in their respective markets.

Vision Global Terminal does this by providing a broad range of cargo logistics services and always delivering the most effective and efficient customer care.

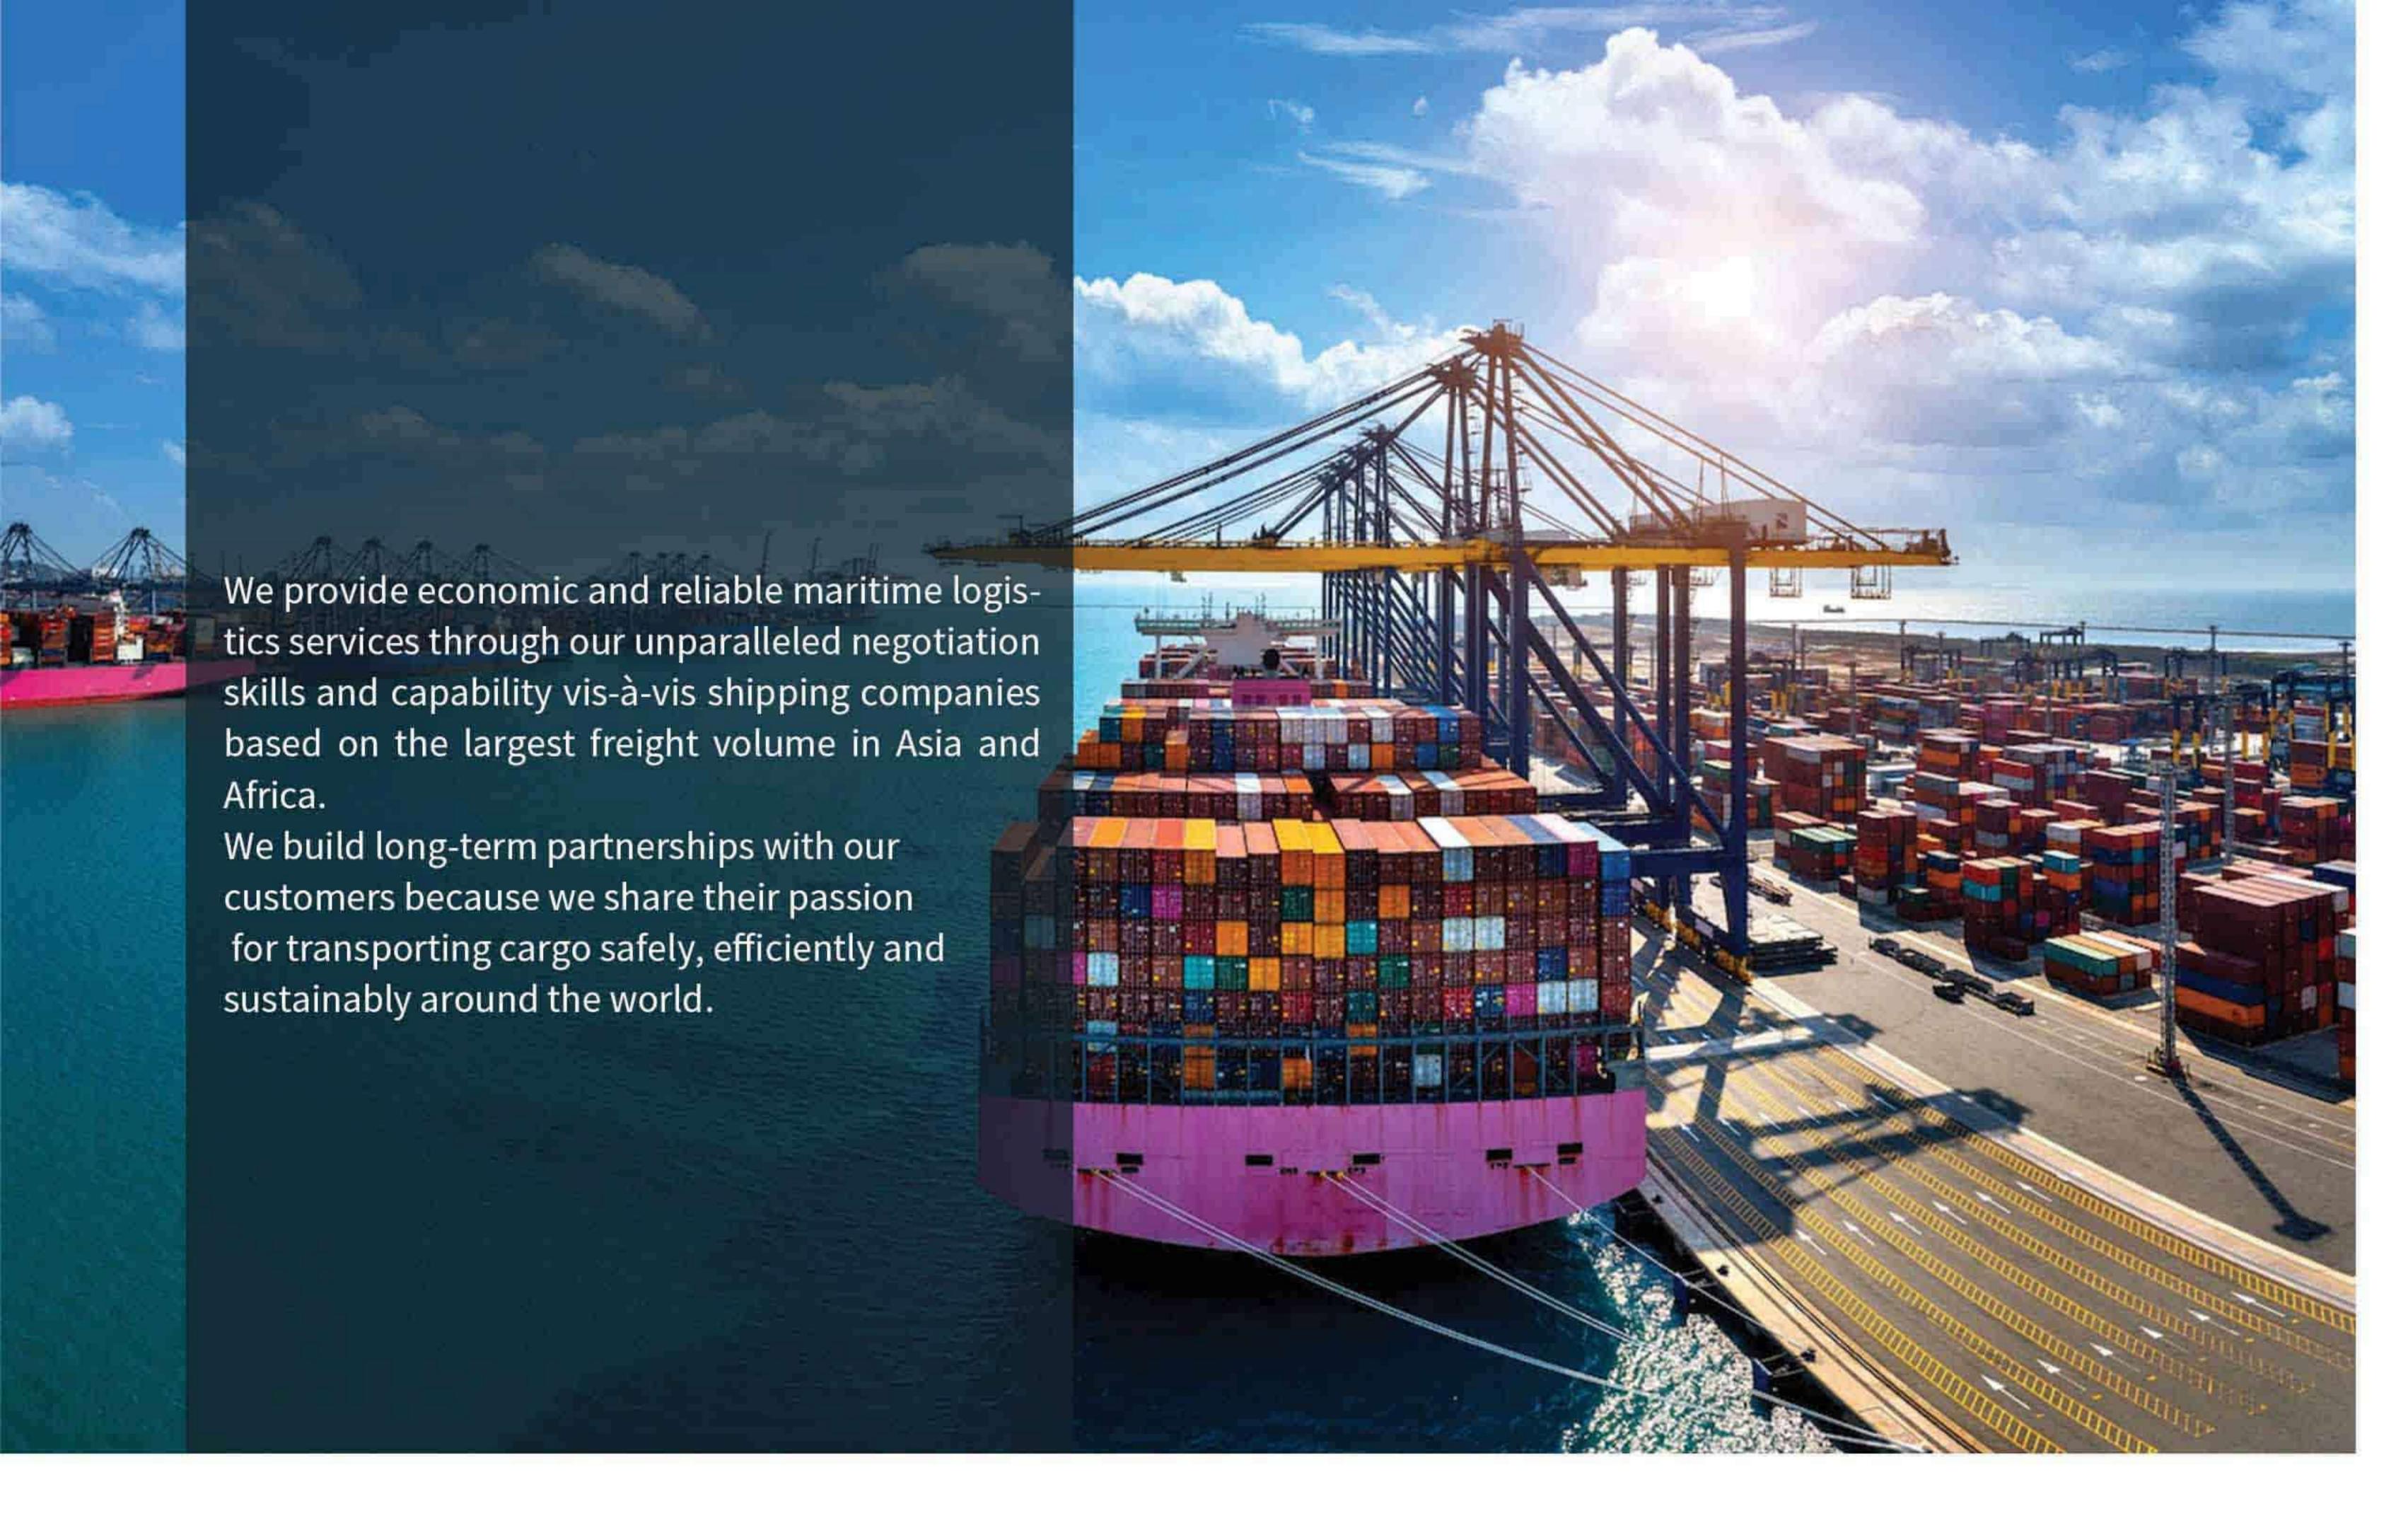

With our products Airfreight, Seafreight, Road & Rail, and Contract Logistics, we always offer the right solution for the complex logistics requirements of our customers.

For bulk cargo we can offer services at our terminal in Bender Abbas with existing covered warehouses with an area of 250,000 sq.m. with sorage capacity as 500 000 tons. Automated smart monitoring system of temperature and humidity level installed in covered warehouses. There is total area of open storage area 17 hectares for coal, lumber, containers and rolled metal with sorage capacity up to 1 000 000 tons. For oil products we are providing a complete range of transporting, storing, loading and discharging services as well as bunkering operations in Khalij Fars Port. We are operating jetties in Shahid

Rajaee Port and in Khalij Fars Port. We are operating jetties in Shahid Rajaee Port and in Khalij Fars special economic zone. Having existing 87,480 cubic meters in-place capacity tank farm allows refineries and trading

companies to store their oil products to manage their operations efficiently.

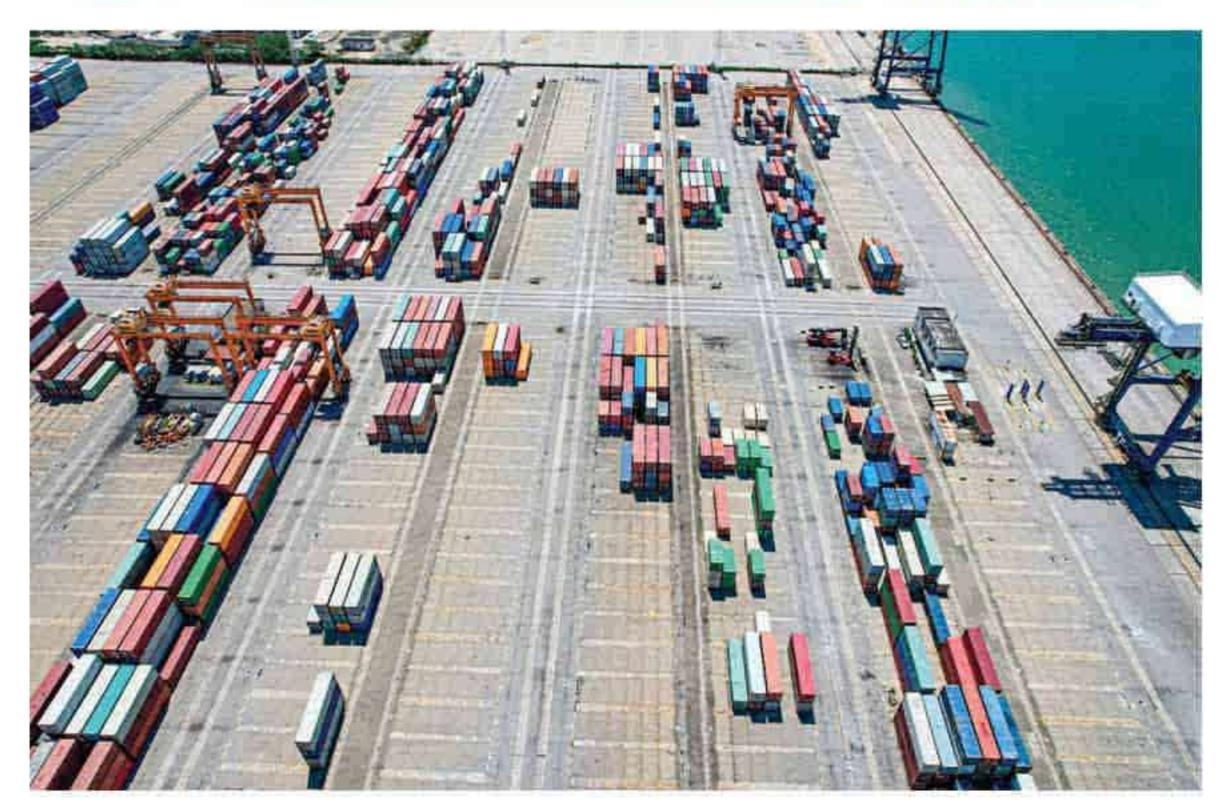

Vision Global Terminal is committed to delivering reliable, flexible innovative and value-creating solutions.

Our terminal has necessary material handling equipment to handle operations with bulk cargo.

At terminal in Bandar Abbas we have special bridge for smooth operation of unloading bulk cargo from wagons.

And we have high-efficient mobile hopper unloader with conveyor system for fast unloading of hopper wagons.

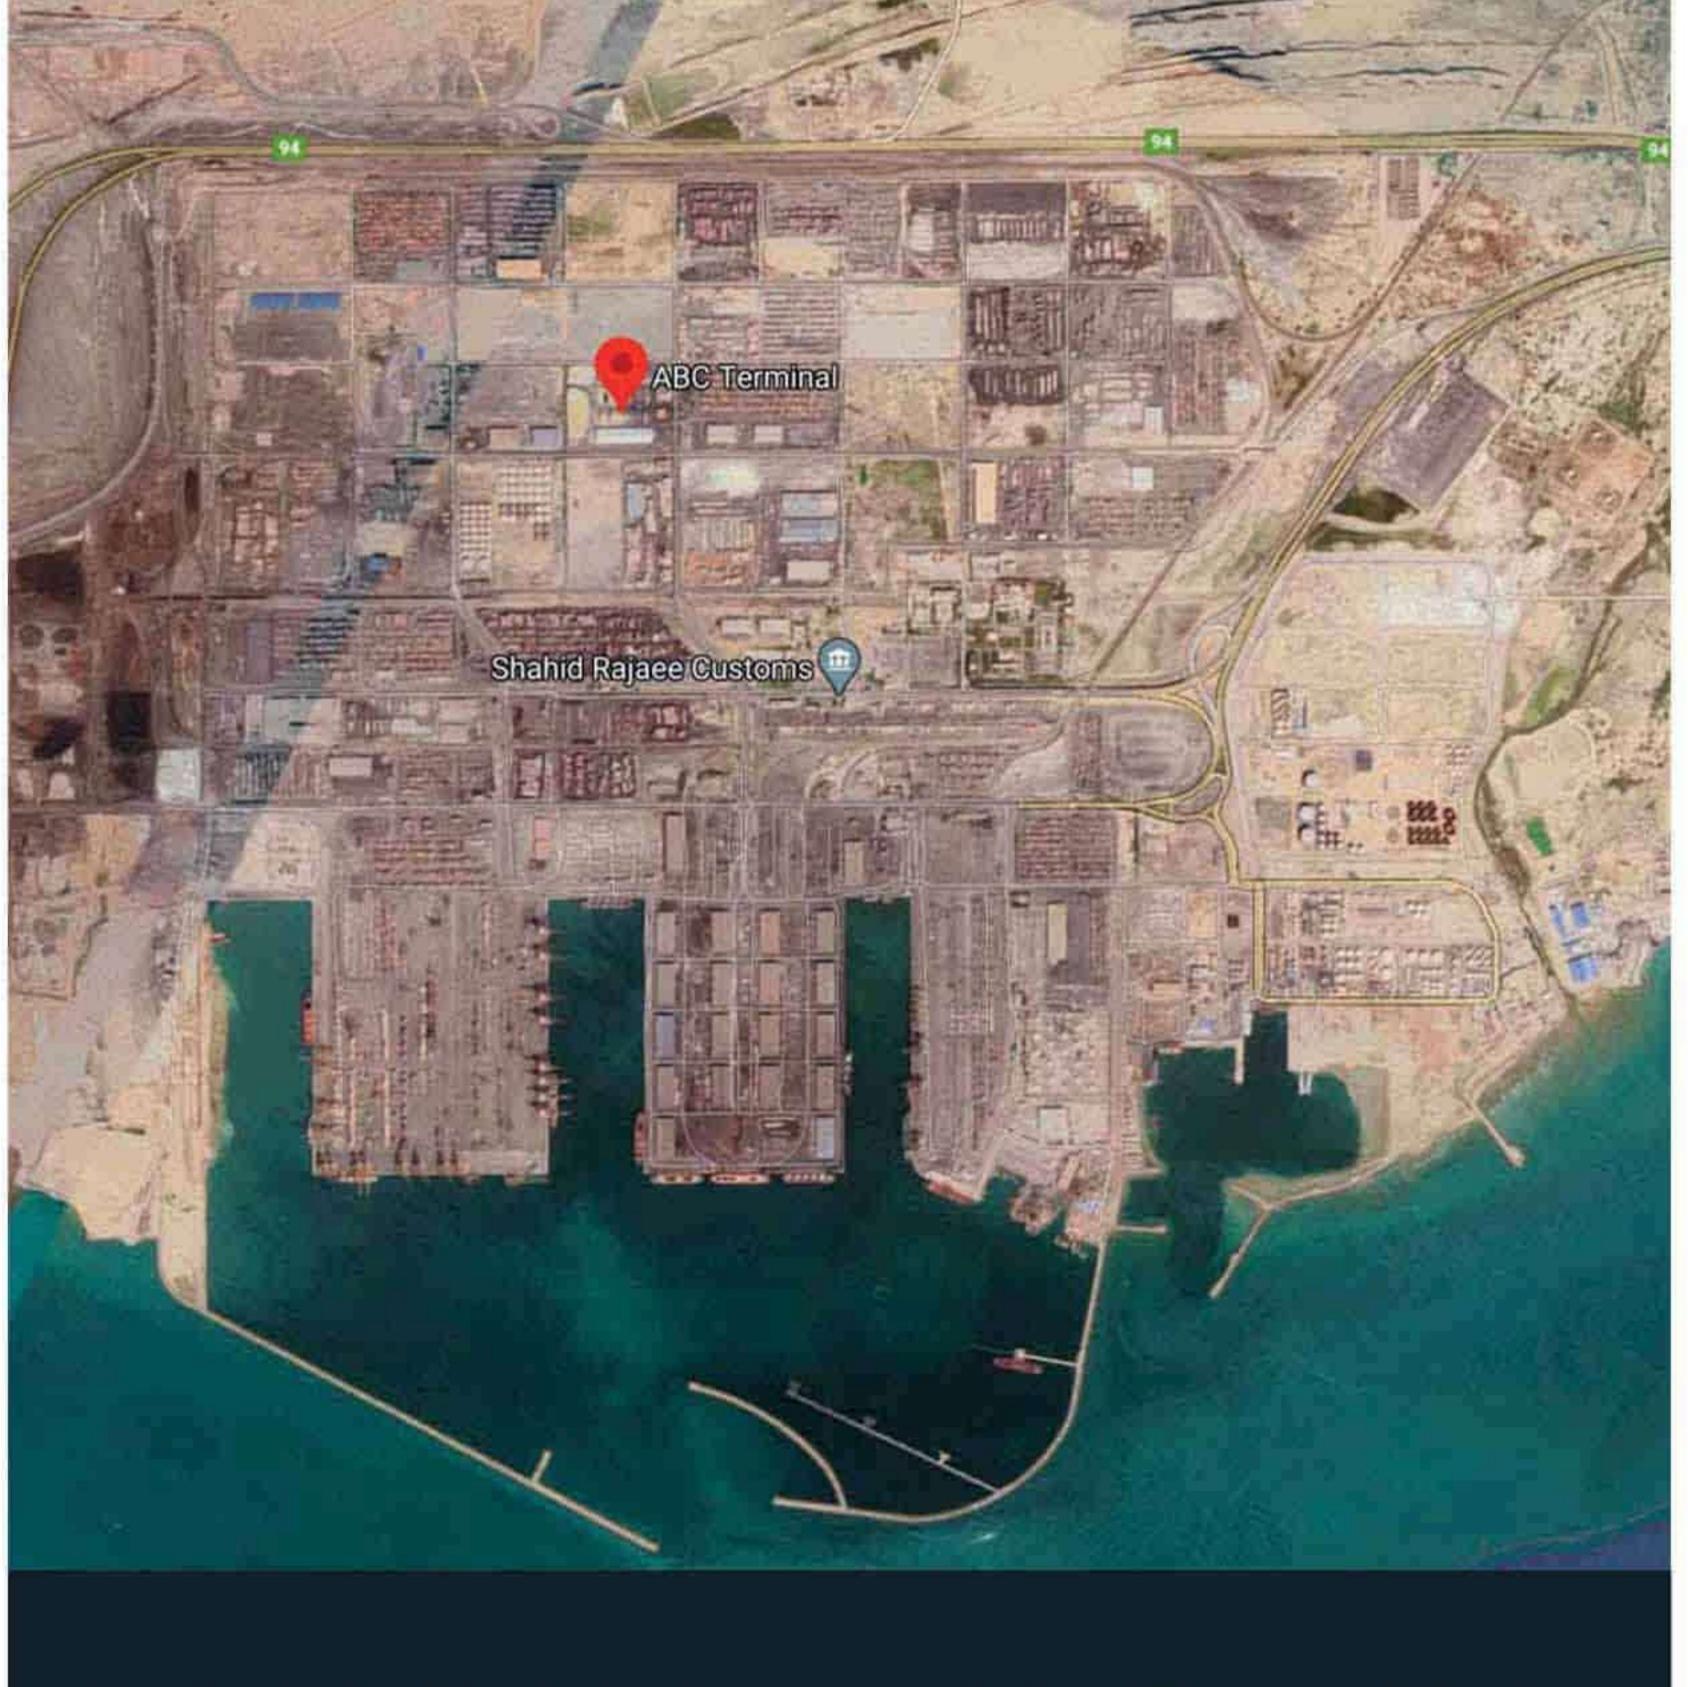

TERMINAL VISION

PORT BANDAR ABBAS

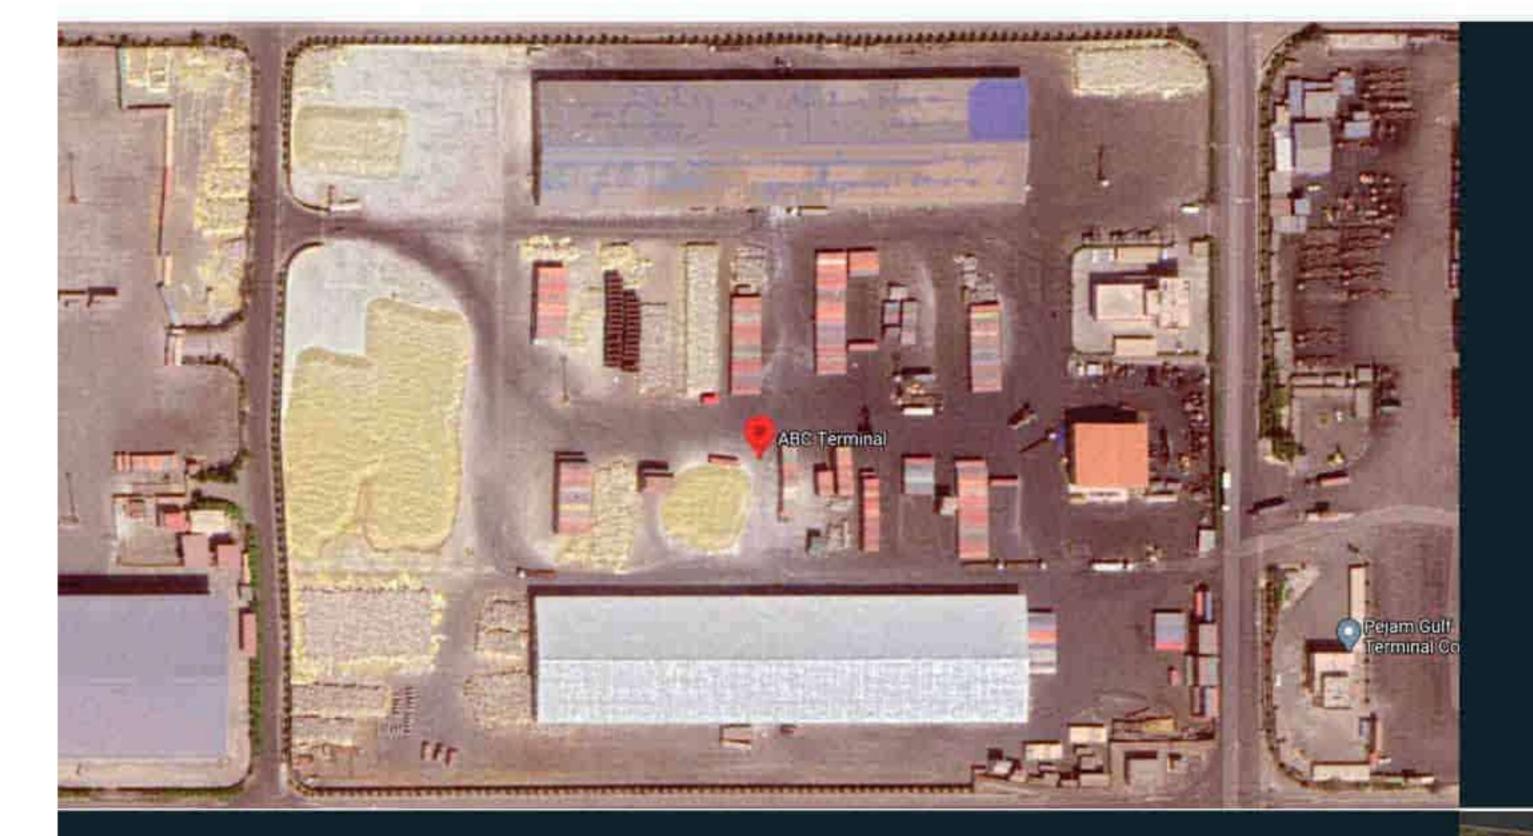

Bandar Abbas serves as a major shipping point for most imports. For Russia, the port of Bandar Abbas is important in economic relations with India, because it is faster and cheaper to transport goods from India, Iran and neighboring countries to Central Russia through Iran and the Caspian Sea. The project of the Russian North-South transport corridor relies precisely on the port of Bandar Abbas.

The Port of Bandar Abbas has been ratified by the Supreme Council of Iran's Free Trade Zone as a Special Economic Zone. Iran has turned the port into a major and profitable gateway for freight transport to Central Asia via a direct rail link.

The port of Bandar Abbas has modern port facilities, including 24 loading booths. These are well-equipped facilities for cargo ships sailing the oceans and seas.

Bandar Abbas Port is the largest port in Iran. The port of Bandar Abbas is located in the south of Iran, in the center of the province of Hormozgan, on the northern shore of the Gulf of Hormuz.

In port Bandar Abbas we have open storage area 17 hectares for coal, lumber, containers and rolled metal with sorage capacity up to 1 000 000 tons.

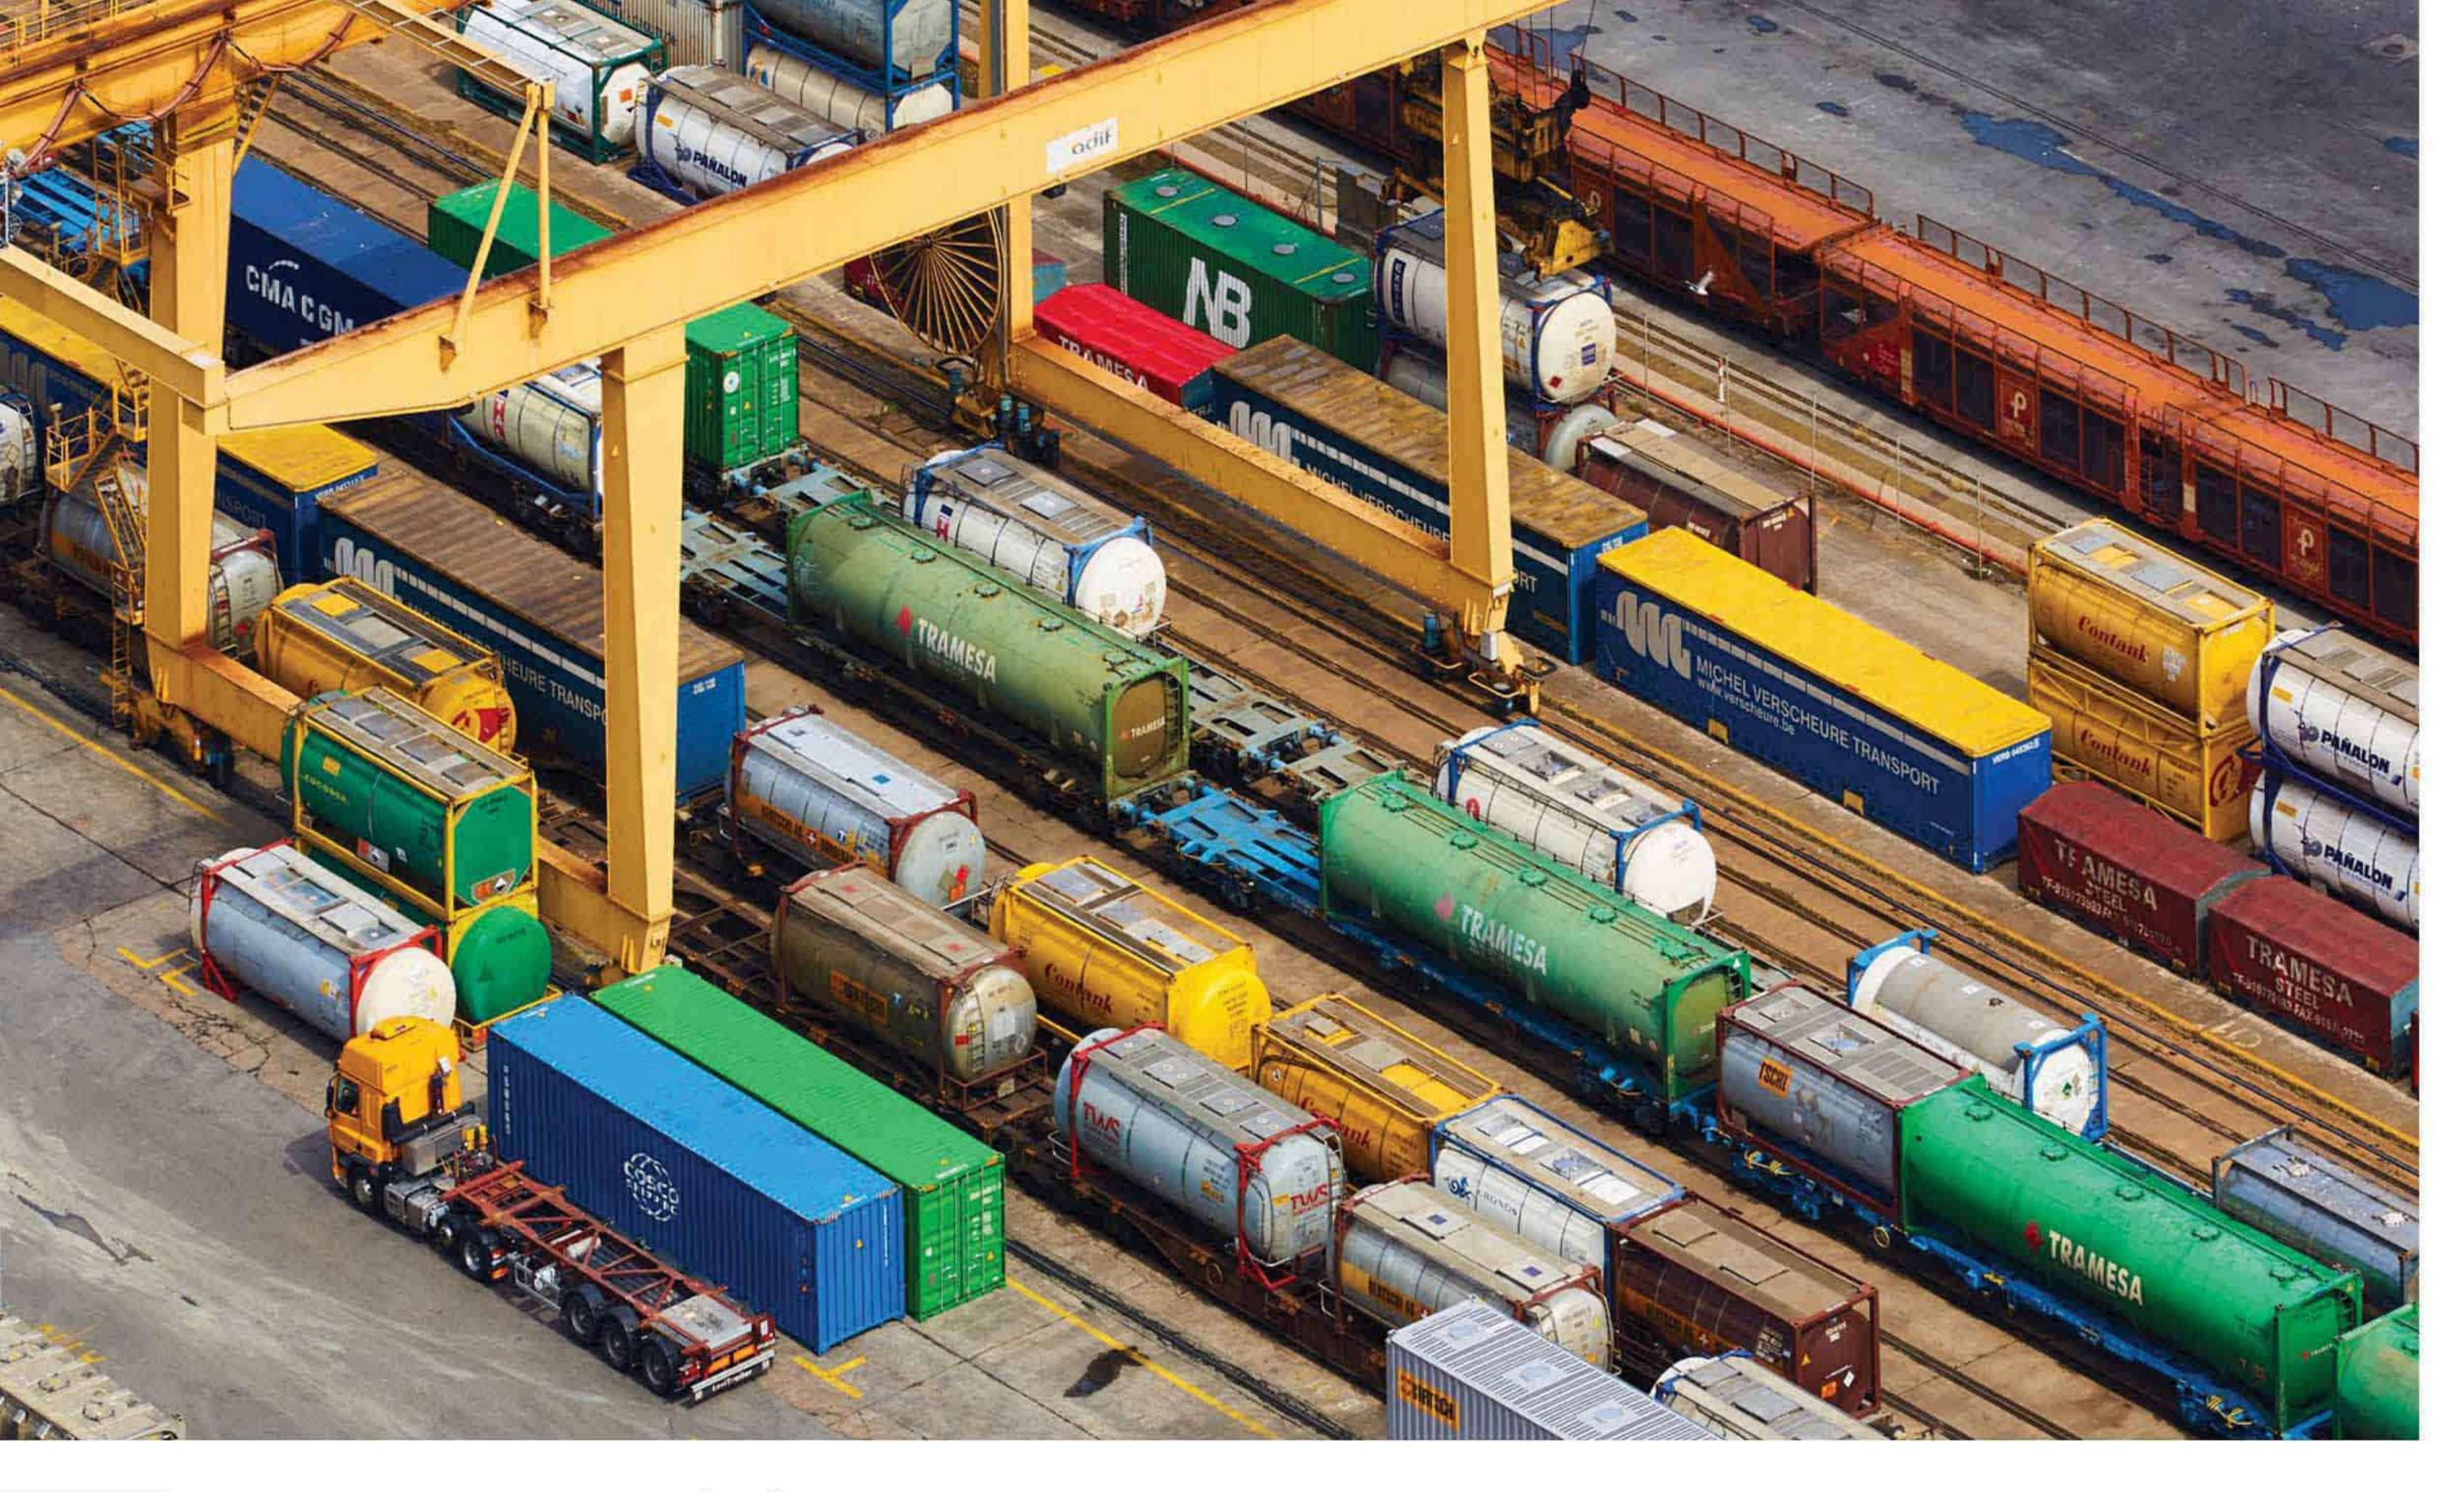

Covered warehouse facilities with total ares 250 000 sq. m

TERMINAL VISION

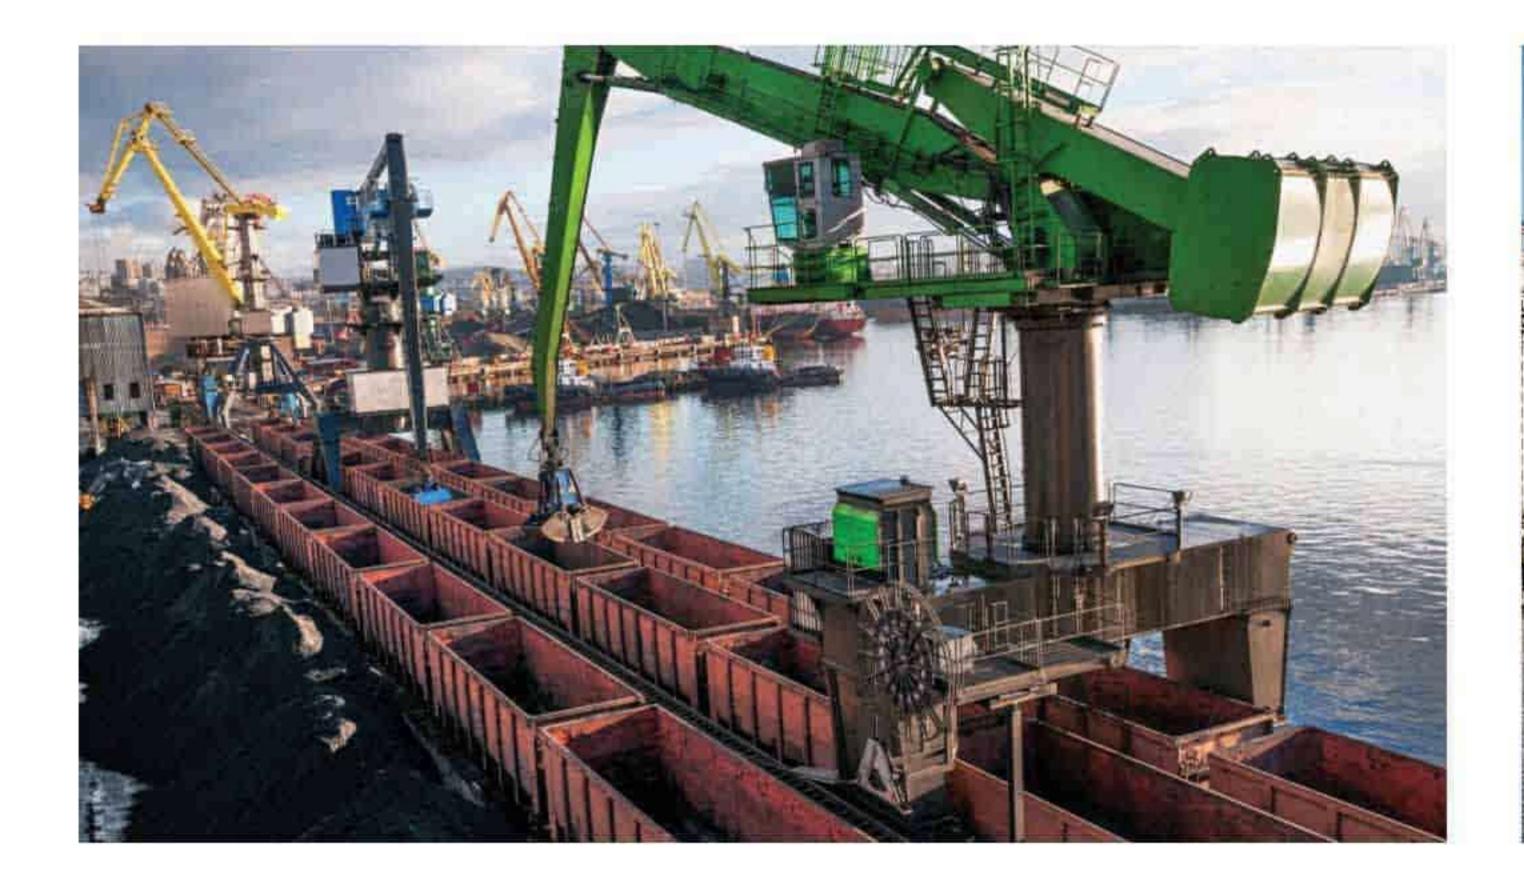

Rail transportation is one of the most convenient and affordable ways to quickly deliver cargo. Rail transport is considered as one of the safest method of transportation.

As a rule, containers, platforms, covered and insulated wagons, tanks and hoppers are used to transport cargo by rail.

We carry out freight forwarding by rail transports to/from the CIS and the neigh bouring countries. Through contracts with railways in Iran, the Baltic States and the CIS countries we provide freight services and services at a minimum and urgent railway fares within the Baltic States, Iran, China, Europe and other Asian countries.

With our competence, long-term cooperation with renown transport companies and shipping lines we provide solutions for the safe and timely delivery of goods by sea. Formation of full and partially loaded containers, transportation from port to port or elsewhere, and customs clearance. Preparation of all necessary documents and complete processing of imported goods are part of our sea transport services. Optimization of logistics supply is our mission and the key to success.

Customized solutions for your specific ocean freight requirement are at the heart of our services. We can offer a flexible range of global and local Ocean Freight services for both Less-Than-Container Load (LCL) and Full-Container Load (FCL) shipments. These are backed by comprehensive Ocean Freight Management Services as well as Break-bulk, Project Forwarding, Partial and Full Charter Services.
